

## GAD Portal: E-storage for Expedite Registration Processes

Panama law requires ownership title and ship mortgage documents to be filed in original for registration at the Panama Maritime Authority.

Morgan & Morgan has a licensed e-portal named “GAD” where pdf files of original documents can be uploaded and every copy downloaded therefrom in the Panama offices of Morgan & Morgan qualify, as a matter of law, as an original therefore suitable to be processed for registration at the Panama Maritime Authority.

In compliance with Panama law, hard copies of e-stored documents are to be kept under our custody for one year.

Please feel free to reach out to us to grant you log-in details to our GAD portal.
